

One occupant, alone in a square

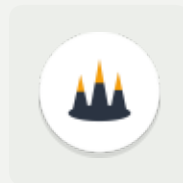

Agent

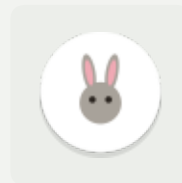

Food

Predator

Hiding
predator

Rabbit

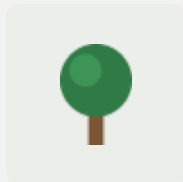

Terrain is an occupant too, drawn as its own centred glyph

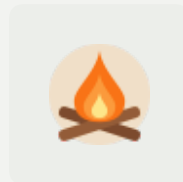

Bush

Rock

Tree

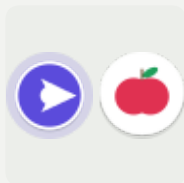

Campfire

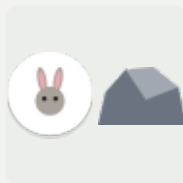

A shared square keeps every occupant, in its own slot

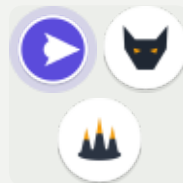

Agent
+ bush

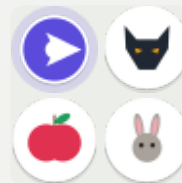

Agent
+ food

Rabbit

Three
occupants

Four
(synthetic)

Every square is the renderer's real 96 px square (480 px arena ÷ a 5-wide window), magnified 1.8×.
One occupant is centred at its own size; two or more take quarter-square slots, so none is painted over.
